

## HONORS RECITAL PROTOCOL

The following guidelines have been adopted as ADMTA policy to ensure that the performers and the listeners will not be distracted by noise and movement from the audience.

### **To performers and their families:**

1. Families with children under age 6: Please sit together toward the back of the hall so that active young ones will not distract the performers, and so that parents can take infants outside if they make noise. Families with active children age 6 or older are welcome to sit toward the rear also.

2. All performers: Please sit in the aisle seat, or very near it, so that you can quickly reach the stage when it's your turn to play.

3. All audience members: Please refrain from talking or whispering at all during the recital. Parents, please sit with your children and instruct them to sit quietly and not talk, whisper, play with the seats, or rustle the programs. Young children should not hold the programs during the recital.

4. Please turn off all cell phones, pagers, and any other electronic noise-makers during the recital.

5. To respect all the performers, please stay until the end of the recital.

Monitors will help keep the hall as quiet as possible during performances, and if a child in the front is too noisy, the monitor may ask the family to move to the rear of the hall.
